## On-Site Training

### Overview

Midmark Factory Training Courses, are available to our Product Dealers and Certified approved Midmark service companies only.

Midmark's North America strategic direction is to build a small network of large Preferred Servicers instead of a widespread network of small Independent Service Organization (ISO's). To that end, all new appointments are first being offered to our already established Preferred Servicer partners. Only if they cannot meet the need will an individual ISO be appointed or added to our existing network of providers.

Our Factory product training classes are 3 days. Beginning on Tuesday morning and running through 4pm Thursday.

A complete listing of available classes can be found on our [Technical Support Training page](#).

We ask that our guests arrive in Versailles Oh. By 5:00 pm on the Monday prior to the start of class. For those guest who will be flying in, we suggest you arrive at the Dayton International airport by 4 pm on Monday. You will need to arrange your own transportation to the Inn of Versailles 21W Main St. Versailles Oh. 45380. Ph. 937-526-3020 (approximately 40 miles) Classes will conclude at 4 pm on Thursday, the final day of training. Return flights should be scheduled after 6pm on that day to ensure adequate time to return to the airport and reach your gate.

The registration fee covers the cost of the training class, lodging at the Inn of Versailles, meals and daily transportation during the course. Midmark will provide a shuttle on the final day back to Dayton International airport.

Existing Midmark account holders who would like to attend a training course, please go online to the Register for a Class link, and complete the registration form. You will receive a confirmation via e-mail. Each class can only accept the first 12 guest registrations and is subject to account verification.

Attending technicians are required to attend all 3 days of training to receive a certification.

If you have any questions, concerning the course, course fees or need additional information please contact Jeff Sanders, Midmark Field Service Manager at [jsanders@midmark.com](mailto:jsanders@midmark.com) or 937.526.8326
