204 Manual Examination Table

Storage Access and Volume - Our pass-through side drawers provide access to supplies from either side of the table and give you the ability to change your room configuration.

Stylish and Easy to Clean - The seamless design of the upholstered top is as soft and comfortable as it looks, leaving your patients feeling more relaxed. And the seamless upholstery is designed to eliminate areas where dirt and bacteria can accumulate so clean-up is easier, faster and more effective.

Removable Top System - The one-piece, upholstered top is designed to be easily removed without tools, allowing for thorough cleaning or a quick upholstery color change.

Enlarged Footstep - We increased the size of the footstep over 40 percent above the industry standard, designed to allow patients to feel more secure and get on the table more confidently.

Manual Examination Table

We asked the experts
What makes Ritter the most purchased brand of exam tables in the industry?

It's our willingness to research, study and listen so we can meet your needs—and the needs of your patients.

We need:
- one-passenger with easy access for patients in mobile floor-based units
- three side drawers for optimal supply management
- modern styling to coordinate with your office
- an updated, ergonomic top design to help patients feel comfortable
- additional weight capacity up to 500 pounds

So, what is our solution? The Ritter 248 Deluxe Exam Table—the latest in design, comfort and functionality in a manual exam table.

One-Piece Seamless Drawers
Designed with easy-to-clean rounded edges and are seamless to contain spilled fluids, improving infection control.

One-Piece Seamless Drawers - These seamless side drawers provide plenty of storage volume for gowns, drapes and other items, yet are made to help organize your assortment of smaller supplies and bulk supplies. In addition, there are two front drawers for easy access to items during pelvic exams.

Storage, Access and Volume - Our pass-through side drawers provide access to supplies from either side of the table and give you the ability to change your room configuration.

Accessories that add convenience

Assist Handles
Designed to provide patients a secure means of access to the exam table, the assist handles feature a patient-activated mechanism during an exam, family removed without tools; most handles offer greater patient access.

Adjustable Arm System
Designed to offer patient table support for securing the exam table and a means of securely holding your patient's arms and neck and are easily removable.

PC Work Surface
Provides an adjustable height workplane for a tablet PC or for room instruments and supplies. Dimensions: Surface area 10 1/2" W x 12 1/4" D and 10" of height adjustment.

Articulating Knee Stretcher
A more ergonomic and comfortable option compared to standard stirrups. The ball joint design offers ultimate flexibility in patient positioning.

Ritter 223 LED Exam Light®
Designed to be the perfect complement to any procedure room, the 223 is designed with features that allow faster control, remote activation and durable, reliable light. It is available in two mounting options: side or ceiling mount.

PC Work Surface
Designed to provide patients support when patient lacks sufficient leg strength or control. Swivel to adjust for knee and leg support.

Flat Upholstery
Provides a comfortable working surface for technicians, physicians and assistants.

Snack Bar Drink Tray
Ideal for giving patients protection in an office situation in which removal of fluid and debris is necessary.

Standard Knee Crutches
Provide leg support for extended procedures where fatigue is a factor or when the patient lacks sufficient leg strength or control. Swivel to adjust for knee and leg support.

PC Work Surface
Provides a convenient work surface for a tablet PC, portfolio or for exam instruments and supplies. Dimensions: Surface area 10 1/2" W x 12 1/4" D and 10" of height adjustment.

Articulating Knee Stretcher
A more ergonomic and comfortable option compared to standard stirrups. The ball joint design offers ultimate flexibility in patient positioning.

IQvitals® Table Mount
Convenient table mount for the Midmark IQvitals® vital signs device, designed to fit all Midmark and Ritter exam tables.

Ritter 253 LED Exam Light®
Designed to be the perfect complement to any procedure room, the 253 is designed with features that allow faster control, remote activation and durable, reliable light. It is available in two mounting options: side or ceiling mount.

We asked the experts. What makes Ritter the most purchased brand of exam tables in the industry? It’s our willingness to research, study and listen so we can meet your needs—and the needs of your patients.

You need...

- an exam table with easy access for patients to make them feel secure
- three side drawers for optimal supply management
- modern styling to coordinate with your office
- an updated, ergonomic top design to help patients feel comfortable
- additional weight capacity up to 500 pounds

So, what was our solution? The Ritter 204 Manual Exam Table—the latest in design, comfort and functionality in a manual exam table.

**One-Piece Seamless Drawers**
Designed with easy-to-clean rounded edges and are seamless to contain spilled fluids, improving infection control.

**Spacious Side Drawers** - Three spacious side drawers provide plenty of storage volume for gowns, drapes and other items, yet are made to help organize your assortment of smaller supplies and bulk supplies. In addition, there are two front drawers for easy access to items during pelvic exams.

**Adjustable Arm System**
Designed to offer patient table support for securing the exam table and a sense of security during pelvic exams, these arms and handles can accommodate a supine or prone position and are easily removable.

**PC Work Surface**
Provides an adjustable height workspace for a tablet PC, portfolio or for exam instruments and supplies. Dimensions: Surface area 16 1/2" W x 12 3/4" D and 10" of height adjustment.

**Articulating Knee Forks**
A more ergonomic and comfortable option compared to standard stirrups. The ball joint design offers ultimate flexibility in patient positioning.

**IQvitals® Table Mount**
Convenient table mount for the Midmark IQvitals® vital signs device, designed to fit all Midmark and Ritter exam tables.

**Lower Body Drain Pan**
Ideal for lower body procedures or other situations in which removal of fluid and debris is necessary.

**Assist Handles**
Designed to provide patients a secure means of access to the exam table or reposition themselves during an exam. Easily removed without tools, most handles offer a generous patient area.

**Ritter 221 LED Exam Light**
Designed to be the perfect complement to any procedure room, the 221 is designed with safety in mind, ensuring less time spent cleaning and more time with patients. Its lightweight, adjustable head is adjustable up or down and is easily removable.

**PC Work Station**
Designed for busy exam rooms or other situations in which removal of fluid and debris is necessary.

**PC Work Station**
Provides an adjustable height workspace for a tablet PC, portfolio or for exam instruments and supplies. Dimensions: Surface area 16 1/2" W x 12 3/4" D and 10" of height adjustment.

**Articulating Knee Forks**
A more ergonomic and comfortable option compared to standard stirrups. The ball joint design offers ultimate flexibility in patient positioning.

**IQvitals® Table Mount**
Convenient table mount for the Midmark IQvitals® vital signs device, designed to fit all Midmark and Ritter exam tables.

**Lower Body Drain Pan**
Ideal for lower body procedures or other situations in which removal of fluid and debris is necessary.
