Swing Arm Assy.... 6

Intended Use:
To provide support for small instruments or a laptop PC within easy reach of the healthcare provider.

Restrictions:
Cannot be used on the same side as 9A205 Base Rail.

Caution
Assure the tray is clear of the table while the table is being positioned to avoid potential trapping hazards. Failure to do so may result in equipment damage or personal injury.

MA9624i

Step 1: Remove hole plugs.
A) Run Tilt function UP to access top of base column.
B) Remove three hole plugs from desired side.

MA7985i

Step 2: Install swing arm.
A) Align swing arm with mounting holes.
B) Secure swing arm with three hex screws.

Step 3: Install instrument tray / PC work shelf.

- A) Align tray / shelf with mounting holes.
- B) Secure with four screws (allen wrench is provided).

Note: The Fixed Instrument Tray is shown. The installation of the Sliding Instrument Tray, & PC Work Shelf is similar.

Caution

Be sure to support the tray / shelf as you loosen the adjustment knob. Failure to do so, may result in personal injury.

To adjust tray / shelf height...

- A) Loosen adjustment knob.
- B) Raise tray / shelf to desired height.
- C) Tighten adjustment knob.

9A427002 only

To adjust sliding tray position...

- A) Squeeze tray handles.
- B) Slide tray to desired position.
- C) Release handles to lock in place.
