

ANESTHESIA MONITORING 101

4 HOURS RACE[®] CE

Our comprehensive, hands-on, half-day anesthesia monitoring training is provided in your clinic by a member of the Midmark Animal Health Training and Education Network.

This training helps participants become familiar with best practices for operating and maintaining their anesthesia and monitoring equipment.

TRAINING TOPICS INCLUDE:

- Anesthesia machine theory of operation, function of components and flow of gases
- Proper equipment maintenance for long-term performance and better patient outcomes
- Overview of ACVAA anesthetic monitoring guidelines for small animals
- Five-parameter, hands-on monitoring including circulation, oxygenation and ventilation
- How vital signs are measured and what the readings mean

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credit* for Anesthesia Monitoring 101.

Class size is limited to 10 attendees.

For any questions or to register for your training session, please contact your local distributor representative or email midmarkacademy@midmark.com.

RACE is a registered trademark of the American Association of Veterinary State Boards.

*This program has been approved for 4 hours of continuing education credit in jurisdictions that recognize RACE approval.

Prices vary for clinics located outside the contiguous United States.

ANESTHESIA MONITORING 201

4 HOURS RACE[®] CE

Building on the skills of the 101 lab, our 201 lecture is provided in your clinic by a member of the Midmark Animal Health Training and Education Network.

Following the prerequisite Anesthesia Monitoring 101, this lecture will help participants learn the keys to completing a successful anesthetic case.

TRAINING TOPICS INCLUDE:

- Review of ACVAA/AAHA monitoring/anesthesia guidelines
- Setting up the patient for an anesthetic case
- Balanced anesthesia/pain management best practices
- Developing an anesthesia record-keeping plan
- Troubleshooting vital signs readings and anesthesia complications

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credit* for Anesthesia Monitoring 201.

Class size is limited only by classroom capacity.

For any questions or to register for your training session, please contact your local distributor representative or email midmarkacademy@midmark.com.

Anesthesia Monitoring Training and Education Network (AMTEN)

All of our AMTEN trainers are industry-leading NAVTA-accredited specialists with the VTS (Anesthesia-Analgesia) designation. The network includes faculty members of several top veterinary university programs and national conferences, who are members of professional organizations such as the AVTAA and NAVAS. Members of the American Veterinary College of Anesthesia and Analgesia (AVCAA) support the training of both technicians and veterinarians.
