Midmark AcademySM

DENTAL RADIOGRAPHY POSITIONING TRAINING

Our comprehensive, hands-on, half-day Dental Radiography Positioning Training is provided in your clinic by a member of the Midmark Academy Dental Training and Education Network.

With training from Midmark, you could be up and running with your new equipment faster than you might have thought possible.

Training topics include:

- X-ray generator usage
- Midmark imaging software training
- Canine and feline positioning techniques
- Common positioning errors
- Proper maintenance and storage techniques

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credits* for dental radiography and positioning training.

If ordered independent of this program, the Midmark part number for this training is:

Course: VI-RAD

*This program has been approved for 4 hours of continuing education credit in jurisdictions that recognize RACE approval.

RACE is a registered trademark of the American Association of Veterinary State Boards.

Prices vary for clinics located outside the contiguous United States.
