

WHOLE MOUTH, WHOLE TEAM WORKSHOP

6 HOURS RACE[®] CE

Strengthen your dentistry program by aligning every role—veterinarians, technicians, client service representatives and hospital managers—around a common vision for oral health care. Through guided discussion, collaborative planning and hands-on training, your team will gain clarity, confidence and coordination in delivering better patient care and client communication.

Whether you're just getting started with creating hospital wide dentistry standards of care or looking to enhance what's already in place, this course supports your team's growth, client compliance and optimal care for patients.

WHAT TO EXPECT

Real Talk, Real Change

Discuss your team's dentistry challenges to better understand what's working, what's not and what your team can change.

Veterinarians and credentialed technicians who complete this session will earn 6 hours of CE credit. RACE is a registered trademark of the American Association of Veterinary State Boards.

This program has been approved for 6 hours of continuing education credit in jurisdictions that recognize RACE approval.

Prices vary for clinics located outside the contiguous United States.

Real-World Strategies and Team Planning

Find inspiration in success stories from hospitals that have improved scheduling, efficiency, confidence and team dynamics. Then work together to define your dental goals—and how you can support each other going forward.

Optimizing CORE Efficiency

Veterinarians and technicians will partner to clearly define, delegate and streamline essential dental procedures including radiographs, probing/charting and scaling/polishing.

COURSE: 002-1640-00
