

DENTAL RADIOGRAPHY POSITIONING TRAINING

4 HOURS CE

Our comprehensive, hands-on, half-day Dental Radiography Positioning Training is provided in your clinic by a member of the Midmark Academy Training and Education Network.

Dental radiography training from Midmark will get you up and running with your new equipment faster than you ever thought possible.

TRAINING TOPICS INCLUDE:

- Generator usage
- Midmark Imaging Software operation
- Canine and feline positioning techniques
- Common positioning errors
- Proper maintenance and storage

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credit* for dental radiography positioning training.

*This program has been approved for 4 hours of continuing education credit in jurisdictions that recognize RACE approval.

Prices vary for clinics located outside the Continental United States.

Class size is limited to 10 attendees. For any questions or to register for your training session, please contact your local distributor representative or email midmark-academy@midmark.com.

VI-RAD

Save up to \$500 by scheduling this course and our Dental Cleaning, Probing + Charting Training for the same day (details on reverse side).

BOTH CLASSES:

VI-RDCP
