

## ANESTHESIA MONITORING + MACHINE SKILLS LAB

4 HOURS RACE<sup>®</sup> CE

**Our comprehensive, hands-on, half-day anesthesia monitoring training is provided in your clinic by a member of the Midmark Animal Health Training and Education Network.**

This training helps teams become proficient and confident in the safe operation and use of their anesthesia and monitoring equipment.

### TRAINING TOPICS INCLUDE:

- Anesthesia machine theory of operation, function of components and flow of gases
- Proper equipment maintenance for long-term performance and better patient outcomes
- Overview of ACVAA anesthetic monitoring guidelines for small animals
- Five-parameter monitoring and hands-on assessment including circulation, oxygenation and ventilation.
- How vital signs are measured and what the readings mean

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credit\* for Anesthesia Monitoring + Machine Skills Lab.

**Class size is limited to 10 attendees.**

For any questions or to register for your training session, please contact your local distributor representative or email [midmarkacademy@midmark.com](mailto:midmarkacademy@midmark.com).

RACE is a registered trademark of the American Association of Veterinary State Boards.

\*This program has been approved for 4 hours of continuing education credit in jurisdictions that recognize RACE approval.

Prices vary for clinics located outside the contiguous United States.

## ANESTHESIA GAME PLAN WORKSHOP

4 HOURS RACE<sup>®</sup> CE

### Develop a clear, individualized anesthesia plan for every patient.

This in-clinic workshop walks your team through each case step by step, from patient drop off to discharge. Participants gain practical tools to improve consistency, strengthen monitoring confidence and support smoother anesthetic events.

#### TRAINING TOPICS INCLUDE:

- Review of ACVAA/AAHA monitoring/anesthesia guidelines
- Setting up the patient for an anesthetic case
- Balanced anesthesia/pain management best practices
- Understanding premedication and anesthetic drug options
- Troubleshooting vital signs readings and anesthesia complications

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credit\* for Anesthesia Game Plan Workshop.

**Class size is limited to 10 attendees.**

For any questions or to register for your training session, please contact your local distributor representative or email [midmarkacademy@midmark.com](mailto:midmarkacademy@midmark.com).

### Learn from Veterinary Anesthesia Experts

The Midmark Anesthesia Monitoring Training and Education Network (AMTEN) is composed of NAVTA-accredited specialists with the VTS designation in Anesthesia and Analgesia. Many serve as faculty for leading veterinary programs and national conferences, bringing practical teaching and clinical experience directly into your practice. Their work is supported by professional organizations such as the AVTAA, NAVAS and AVCAA, reinforcing a shared commitment to advancing anesthesia education for technicians and veterinarians.
