Dental Radiography and Positioning Training

Our comprehensive, hands-on, half-day digital dental X-ray training is provided in your clinic by a member of the Midmark Animal Health Training and Education Network.

Dental training from Midmark Animal Health will get you up and running with your new equipment faster than you ever thought possible.

Training topics include:
- VetPro® X-ray generator usage
- Progeny Imaging® software training
- X-ray positioning techniques for both canine and feline patients
- How to overcome common positioning mistakes
- Proper maintenance and storage techniques

Veterinarians and credentialed technicians who complete this session will earn 4 hours of CE credits* for Dental Radiography Positioning Training.

To set up your training session or if you have any questions, please contact your local distributor representative or call 1-800-360-2186.

Order Number: VI-CSP = $1,150**
This training from Midmark Animal Health will help participants become familiar with best practices for cleaning, probing and charting.

Training topics include:
