At Midmark, we are passionate about anticipating, creating and leading the best healthcare experience for all.

We are committed to carrying out this vision and helping to ensure all patients—human and animal—have access to quality healthcare by addressing healthcare and educational needs globally.

Why? Because we care.

Our approach uses a combination of non-profit partnerships, donations, teammate-led fundraising and volunteerism to local and global causes that are carefully evaluated to ensure maximum impact.
Last September, a group of 12 Midmark Teammates participated in a mission trip to Monterrey, Mexico, with Back2Back Ministries, an international Christian non-profit organization dedicated to being a voice for orphaned and vulnerable children. The team engaged with kids, worked on several projects at the local children's home and participated in team-building activities.

In October, two teammates returned to Mexico to install 57 pieces of donated medical and dental equipment in Monterrey and Mazatlan clinics.

Since 2004, Midmark has been partnering with World Vision®, a Christian humanitarian organization conducting relief, development and advocacy activities in its work with children, families and their communities in nearly 100 countries.

At the 2019 Commercial Summit, Midmark Teammates assembled 750 hygiene kits for World Vision. These kits were sent to individuals in need in Zambia, Africa.

In addition, The Midmark Store donated five percent of all sales from last year to World Vision’s Teacher Resource Center in support of providing basic school supplies and resources to children in need. Over the course of 2019, the store was able to donate $4,325.78 for the program.
BOONSHOFT MUSEUM OF DISCOVERY

The Boonshoft Museum of Discovery is a children’s museum, science and technology center and zoo located in Dayton, Ohio. Its mission is to create and provide meaningful and entertaining learning experiences for curious minds to engage with natural history, science and nature while honoring and preserving collections for future generations. Last year, Midmark donated 32 pieces of animal health equipment to the Discovery Zoo clinic. With more than 100 animals and insects in the Discovery Zoo, this equipment will help the Live Animals Department properly care for and manage the different species, while catering to their individual needs.

4 MILES FOR HEART + HEALTH

On October 19, 2019, Midmark hosted the fourth annual 4 Miles for Heart + Health event in memory of our late teammate, Bob Menke, who passed away from heart disease at the age of 38. With no family history and a healthy lifestyle, his condition went undiagnosed. This annual event is to raise funds and awareness for a low-cost Coronary Calcium Score, which can be accessed at nearly every hospital and could’ve saved Bob’s life. In 2019, this event had 96 participants and was able to offer 320 heart tests at a steep discount through Wayne Healthcare.
TRI STAR CAREER COMPACT
Tri Star Career Compact is comprised of nine schools in Mercer and Auglaize County, Ohio, that have developed a curriculum of programs for high school juniors and seniors who have an interest in a career technical field. In support of these programs, which include Animal Health and Med Prep, Midmark donated 66 pieces of medical, dental and animal health equipment last year.

TRASH BASH 2019
Last Spring, 25 Midmark Teammates from our Versailles location participated in the Darke County clean-up program, Trash Bash 2019. These volunteers picked up trash along 10 miles of county roadways. For each team of five, the Darke County Solid Waste Management District donated $50 to a qualified Darke County non-profit of the team’s choice. The five Midmark teams chose to support the Versailles Council of Churches with their $250 of earnings.
Midmark Connected Professionals was created by teammates to promote and foster the dynamic career development of Midmark’s young professionals through consistent social, communal and professional engagement.

In support of its mission, Midmark Connected Professionals volunteered at Grace Resurrection Community Center in Greenville, Ohio, to prepare and serve community meals. Grace Resurrection provides a weekly soup kitchen, food pantry, clothing bank and additional resources to help members of Darke County in need.
PARTNERSHIP FOR QUALITY MEDICAL DONATIONS

The Partnership for Quality Medical Donations (PQMD) is an alliance of non-profit and corporate organizations committed to bringing measurable health impact to under-served and vulnerable people through active engagement with global partners and local communities.

The Midmark Foundation donated $10,000 in 2019 to PQMD’s research efforts to create a toolkit to measure sustainability in the medical mission field. The goal of this toolkit is to standardize the work of those involved in this field.

AMERICAN RED CROSS

The Dayton-area was devastatingly impacted after 13 tornados touched down one night in May 2019. In support of these local communities, 12 Midmark Teammates volunteered their time to help clean up debris through the American Red Cross, a humanitarian organization that provides emergency assistance, disaster relief and disaster preparedness education in the United States. In addition, the Midmark Foundation donated $25,000 to the American Red Cross to assist in its disaster relief efforts in Dayton, Ohio.
FIRST RESPONDER APPRECIATION EVENTS

On the evening of October 8, 2019, The Inn at Versailles, a Midmark property, caught fire. Firefighters and emergency medical service (EMS) crews from 15 local departments responded to the emergency and worked seamlessly into the morning to extinguish the four-alarm fire.

To express our sincere appreciation and gratitude, Midmark honored the area’s local first responders—firefighters and EMS crews who are mostly comprised of volunteers—by hosting appreciation events for each of the 15 departments that came together to help the Versailles community. These events included dinner provided by The Inn at Versailles, which was delivered and served to each department location, along with a monetary donation. A total of 480 meals were served.

FEED MY STARVING CHILDREN

Feed My Starving Children (FMSC) is a Christian non-profit dedicated to seeing every child whole in body and spirit by coordinating the packaging and distribution of food to people in developing nations. Last year, 22 Midmark Teammates from our Buffalo Grove location volunteered their time to help prepare food packages for FMSC.
The mission of United Way is to improve lives by mobilizing the caring power of communities around the world to advance the common good. Midmark Teammates held multiple fundraisers, including a car show that helped raise a total of $12,856 for the cause. These funds will be distributed to the 23 programs supported by Darke County United Way, addressing education, health and financial stability.
