## Section 1: Unpacking & Inspecting Shipment

---

### {Unpacking & Inspecting Steps}

#### **Step 1**

Locate the Packing Slip that describes the parts and quantities shipped. The parts for your Squeeze Restraint should be carefully examined upon arrival for possible damage in shipment. If any damage is found, notify Shor-Line immediately at 800-444-1579.

#### **Step 2**

Review Shor-Line's warranty information at: [www.shor-line.com](http://www.shor-line.com)

#### **Step 3**

Remove and separate all contents from the shipping containers. Use the Packing Slip to ensure nothing has been lost.

#### **Step 4**

Check content for concealed damage.

## {Squeeze Restraint Parts & Hardware for Assembly List}

QTY	PART	DESCRIPTION/PART NUMBER
2		724.0200.15 WELDMENT,SQUEEZE RESTRAINT 18.5 HANDLE 724.0200.16 WELDMENT,SQUEEZE RESTRAINT 15.5 HANDLE 724.0200.17 WELDMENT,SQUEEZE RESTRAINT 11.689 HANDLE
1		724.0200.11 WELDMENT, 24X18 SQUEEZE DOOR 724.0200.12 WELDMENT, 24X24 SQUEEZE DOOR 724.0200.13 WELDMENT, 24X30 SQUEEZE DOOR 724.0200.14 WELDMENT, 30X30 SQUEEZE DOOR
8		061.2505.10 .250-28 x .500 TRUSS HEAD SS PHILLIPS SCREW
8		063.2500.01 .250-28 HX NUT NYLOCK SS

Squeeze Restraints are available in four sizes depending upon the size of cage for the intended use. The parts list will vary based on size purchased. Some assembly is required but the steps will be the same for all sizes.

## Section 2: Squeeze Restraint Assembly Instructions

### Step 1

The squeeze door is supplied with the door attachments already welded in place. Using the .250-28 stainless steel phillips screws and .250-28 nylock nuts, attach the handle weldments to the squeeze door. The hardware should be placed in all four places allotted for each handle (two on top and two on bottom). See Fig. 1 and 2.

**NOTE:** Failure to install all hardware could result in a malfunction of the squeeze restraint.

Once the squeeze restraint has been assembled you will be able insert the unit into your cage.

Fig. 1

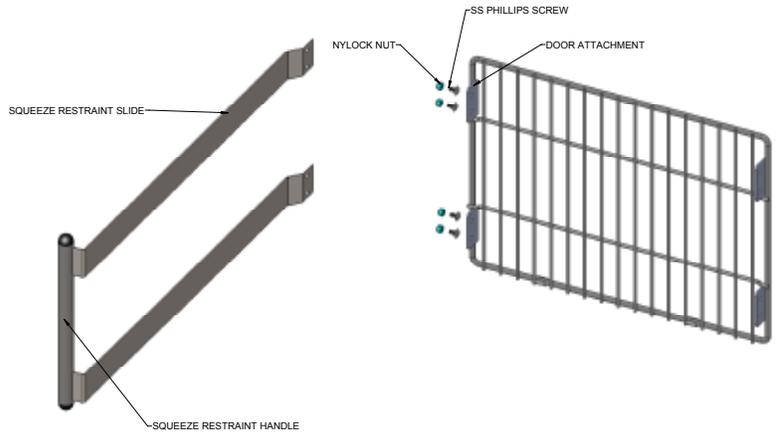

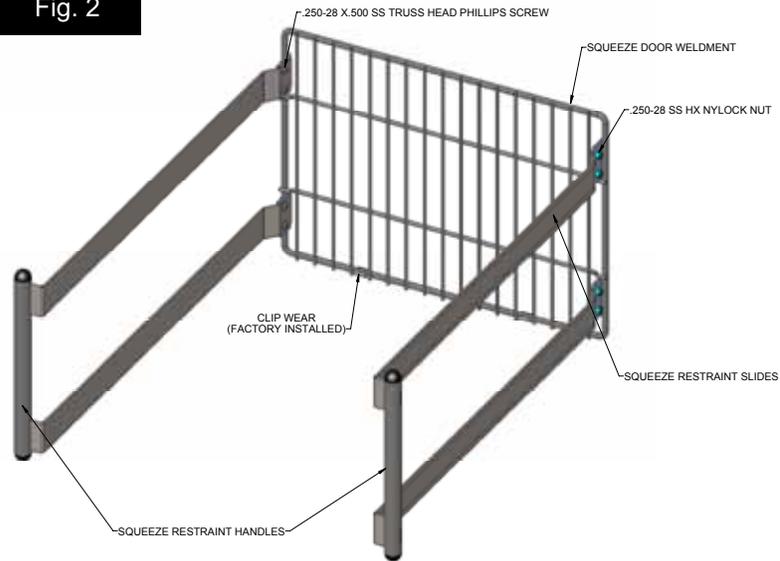

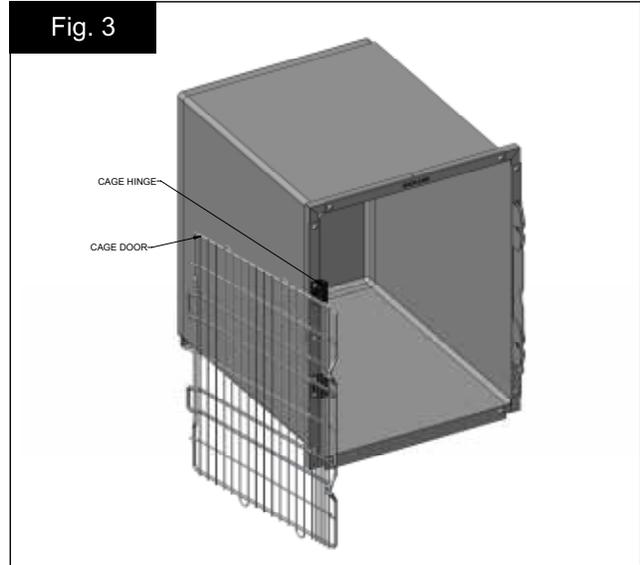

Fig. 2

### Step 2

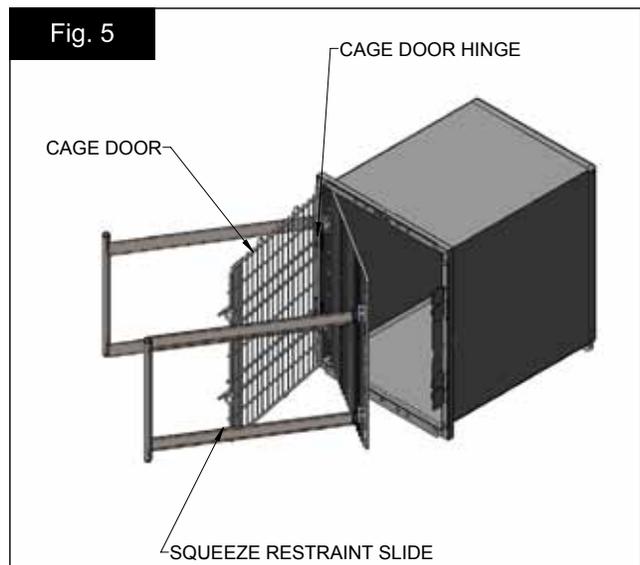

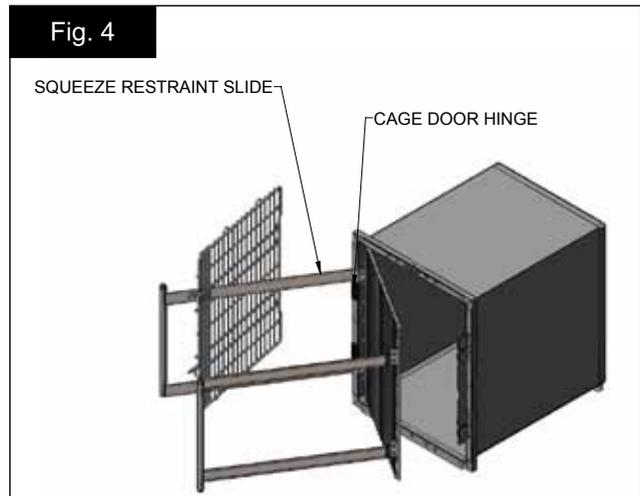

Open the cage door 90 degrees, lift up and remove. See Fig. 3.

### Step 3

Place Squeeze Restraint inside the cage. Resting the Squeeze Restraint slide on the top of the cage door hinge will allow you to replace the cage door. See Fig. 4 and 5.

Once you have replaced the cage door you will be able to move the squeeze restraint in and out as needed.
