

VETERINARY

**Synthesis<sup>®</sup>**  
**Cabinetry**  
**Color Guide**

# Spark your Imagination

**From color to configuration, every detail comes together with purpose.**

Create a space that reflects your vision—and performs beautifully in the real world of veterinary care. Thoughtfully curated finishes, countertops and hardware simplify designing a cohesive, professional care environment—without the guesswork.

**START YOUR JOURNEY TODAY.**

# Bring your Vision to Life

Design a space that reflects your brand, supports your workflow, and elevates the experience—for your team, your patients and your clients. Whether you're starting fresh or updating an existing environment, Synthesis® Cabinetry lets you choose finishes and features that balance style, durability and function.

This guide will walk you through key design elements to help personalize your space. From warm wood tones to sleek solid surfaces, every option is thoughtfully selected to perform in demanding veterinary environments while complementing your unique aesthetic.

## CABINET FINISHES

Explore durable, cleanable options that resist scratches and wear.

## HANDLE + PANEL STYLES

Choose from multiple configurations and hardware options to match your brand personality.

## COUNTERTOPS

Select from high-performance laminate or solid surface materials that balance budget, function and style.

Your space should work as beautifully as it looks.  
Let's create it together.

# Built to Last

Synthesis® cabinetry is designed to stand up to the demands of daily veterinary practice. With durable materials and quality construction, it's made to perform through years of regular use and rigorous cleaning—while helping your space maintain a clean, professional appearance. **And with a 10-year limited warranty—one of the longest in the industry—you can count on lasting value and reliable performance.**

## DESIGNED TO DELIVER BETTER CARE

Asepsis-friendly surfaces and design features like rounded interior drawer corners, seamless panels and antimicrobial handle options support infection prevention. The variety of layout, organization and finish options can enhance your unique style while improving clinical workflow and ergonomics for a better point of care experience.
