

BRING YOUR VISION TO LIFE

Spark your imagination as you experience the rich color options Midmark has to offer. Combine cabinet panels and countertop colors without the guesswork so you can easily visualize your space.

HANDLE + PANEL STYLES

Synthesis Cabinetry has multiple styling options, allowing you to put your unique signature on a space. From wood-grains to neutral solids, choose a finish and panel style that will complement your space. Multiple handle options are also available, each with a distinct shape.

CABINET FINISHES

Membrane-pressed thermofoils seal the Synthesis medium density fiberboard (MDF) door and drawer panels, ideal for infection control and durability. This dimensionally flexible material provides a continuous, seamless surface, eliminating the need for panel edgebanding while offering a high level of scratch and stain resistance. For woodgrain and metallic colors, a highly-heated adhesive adheres the matching thermofoil to the steel structure. For solid colors, the structure is covered with a matching electrostatic powder-coat baked-on paint, creating a thick durable skin.

CORIAN® SOLID SURFACE COUNTERTOPS

Corian solid surface is a unique material made from an advanced blend of natural minerals and acrylic polymer. It has proven itself to be a remarkably durable, versatile material that's an ideal surface for veterinary environments.

The superior durability of solid surface allows it to survive impacts that blemish most surfaces. Also, the unique seamless, non-porous design makes cleaning and infection control a breeze. With the ability to buff away nicks and scratches, solid surface countertops will look and perform like new for many years.

LAMINATE COUNTERTOPS

Offering a variety of selections, laminate countertops provide function while complementing any style of decor. Today's choices come in more contemporary colors and patterns, looking more realistic than ever.

Laminate countertops are easy to clean and maintain, requiring no special maintenance. Costing less than solid surface, laminate is an affordable solution for your countertop needs.

SYNTHESIS COLOR AND STYLE OPTIONS

Put your unique signature on your space, whether it is in one office or a multi-facility organization, with these color and style options.
