

# Synthesis® Fixed-Height Dry Treatment Tables

## Built for the Demands of Daily Care

The Midmark Synthesis Fixed-Height Dry Treatment Table is built to support daily patient care and preparation. Designed for efficiency and cleanability, it integrates seamlessly with Midmark cabinetry to create a professional, cohesive environment. With multiple configurations and storage options, your team can help stay organized and focused on delivering excellent care.

- Choose a peninsula-style wall or chase mount, or freestanding island configuration to fit your space and workflow.
- Accommodate a variety of procedures with a durable stainless steel or laminate work surface.
- Maintain a quiet, low-stress environment with soft-close hinges and slides.
- Simplify upkeep with thermofoil cabinet panels that resist moisture and chemical damage.
- Support infection control protocols with optional antimicrobial pulls and surfaces.\*
