

MIDMARK RTLS

System Integrator

2022 Course Schedule

SI-275: SI Installation Excellence Training

This two-part course provides the methods and best practices to successfully install a Midmark RTLS sensory network. Part 1 is a three-day virtual course, three hours per day, to review foundational elements and components of the system. Part 2 is an on-site course in Traverse City, MI to provide hands-on system installation and the final certification exam.

Coming soon! Mid-year 2022, the new Bluetooth® Low-Energy (BLE) sensory network training and certification will be added to this course. A virtual certification option for BLE will be available for those who attended the SI-275 course within the past two years.

Who should attend: Midmark RTLS System Integrator Technicians handling Midmark RTLS prep, installation and setup.

How much it costs: \$1,500

Important note: To be a certified Midmark RTLS System Integrator, you must attend both the virtual and in-person portions of the class. We recommend taking the in-person portion and test within 4-6 weeks of taking the virtual portion.

Pick one date from each column.

Terms and Conditions:

Registration fees cover course instruction and lunches for the in-person course. While every effort is made to conduct course sessions as scheduled, Midmark RTLS reserves the right to cancel courses at any time. Students enrolled in a cancelled session may apply their class registration fee to another session within 12 months.

SI-275 Recertification Exam

In order to maintain Midmark RTLS SI-275 certification, you must recertify every two years. You can obtain recertification by taking the online exam at any time.

Who should take the exam: Midmark RTLS System Integrator Technicians who attended SI-275 in Traverse City during or prior to 2020. **Individuals who have let their certification expire by more than one year will be required to take the full course again.**

How much it costs: \$500 (two exam attempts included)

Note: If you fail both attempts, you must retake the SI-275 course (both the virtual and in-person sessions) to re-obtain your certification.

Recertification Process

- (1) Register to take the exam by completing and emailing the registration form on page 5 (with credit card or PO) to RTLSeducation@midmark.com.
- (2) Midmark RTLS will contact you with payment confirmation, instructions and a link to the exam. The exam will take approximately two hours to complete.
- (3) Once you complete the exam, you will immediately see if you passed or failed. Grading is based on a scale of 100 points. A passing score is 75 or above.

Instructors

Daniel Michalski, PhD, MCSE, CCNA, CNA

Daniel is our lead technical instructor, bringing more than 20 years of advanced networking experience to the Midmark RTLS team. He has contributed to numerous textbooks, as well as held teaching positions at two universities. Daniel is A+, Security+, and Network+ certified and specializes in network architecture, design and security.

Max Wolfe

Max brings an extensive background of technical experience to the Midmark RTLS team. Prior to becoming a technical trainer, he worked many years in Midmark RTLS technical support helping clients troubleshoot problems, plan sensory networks and more. Max has a unique perspective into the questions that Midmark RTLS customers have, and a knack for helping them find and understand solutions.
