Create Better Care Experiences **with Midmark®**

DESIGNED TO PERFORM

From the operatory to the mechanical room, Midmark Dental equipment is designed to help practices work smarter and deliver better care experiences. Connected technology and an expansive portfolio help support more integrated workflows and reliable performance across the practice.

BACKED WITH CONFIDENCE

New equipment should deliver confidence from day one. All Midmark Dental equipment now includes a limited **1-year labor warranty*** to help protect your investment from unexpected service labor costs throughout the first year of ownership.

Together with our standard multi-year parts warranties, it's one more way we've got you covered—and one more way we stand behind the solutions we proudly design, assemble and support in the heart of small-town Ohio, USA.
