Midmark Digital Dental X-ray Systems

Midmark DC

Midmark DC is a high-frequency, veterinary-specific dental X-ray system designed to meet the needs of digital imaging. Exceptional image quality with digital sensors, phosphor plates and all types of film; 0.4 mm focal spot; 60, 65 or 70 kV; 4, 5, 6 or 7 mA; unique LCD display and menu; 30 pre-programmed technique settings; tube head positioning handle; and control panel that can be mounted in a separate location. 56", 66", 76" and 82" or mobile systems available. Two-year limited warranty.

WALL MOUNTED

P7017V-P  76" (194 cm) arm
P7018V-P  82" (209 cm) arm
ASAW-GT  Laptop Tray for wall-mounted X-ray

MOBILE

P7017VM  Mobile
ASAM-GT  Laptop Tray for mobile X-ray
ASAM-GT/L Laptop with imaging software and Laptop Tray

30-A2040 Handswitch (comes with all systems)
WARRX1  X-ray Factory Warranty Extension - One Year
WARRX2  X-ray Factory Warranty Extension - Two Years
Midmark Digital Sensor System

The latest Midmark innovation is the industry’s first and only veterinary-specific, bite-resistant sensor from the leader in digital dental X-ray—Midmark. We’ve combined our unsurpassed image quality with a patented sensor housing to provide clear, crisp images with unbeaten resistance to bite damage—four times more than our standard sensor.

The Midmark digital sensor is designed to deliver the soft-tissue visualization plus crown and root definition that you need to ensure you are providing your patients with superior dental care.

- Patented bite-resistant sensor housing design
- Kevlar® reinforced cable, designed for improved durability
- Waterproof, hermetic seal designed to reduce problems encountered during routine cleaning
- CMOS technology, for enhanced image quality
- High-speed USB connection captures images 37% faster
- Rounded corners means easier positioning in tight spaces for better capture of roots
- Free software along with free clinical and technical support

Limited Warranty:
Sensor Safe® coverage for five years is also included with each sensor purchase. If there is a catastrophic event making the sensor not function, it will be replaced at NO CHARGE the first time. Any additional occurrences will be replaced at a 60% discount off of the current list price.
Midmark CR Dental Radiography Reader

The compact Midmark CR Dental Radiography Reader is a fast, full-featured and easy-to-use dental imaging solution that requires very little maintenance. It features a touch screen display and an automatic retracting tray that keeps the reader and phosphor plates clean to prevent image artifacts.

The included imaging software provides fast acquisition, optimized processing and easy management of images. These software features, along with lifetime technical support and unlimited software upgrades, are included free of charge.

- Size 2 and 4c imaging plates are included with the unit—sizes 0, 1, 2, 3 and 4c are available for purchase
- Auto-calibration ensures stability and consistency
- Built-in erase function
- Easy-to-use LCD touch screen interface
- Easy-to-position, reusable imaging plates

Dental X-ray Software

Our imaging software makes image capture simple. Select a tooth or tooth set to be imaged, and then click Acquire. Simple!

- Superb image quality
- Powerful, no-hassle software
- Intuitive and logical interface
- Simplified acquisition
- DICOM-formatted images
- Data backup and restore functions
- 22 practical and useful tools
- Create your own custom templates
- Bridges with most major practice management programs
- Store any digital image
- Integrates with Avimark® practice management software

Use your Midmark DR or CR Systems with our easy-to-use imaging software. Look and formatting are familiar and simple to learn. Acquire, enhance and store images with ease. Our software features canine and feline tooth templates organized using the Triadan System, as well as DICOM compliant and capable of working with leading practice management systems and PACS servers.
Midmark Complete Digital Dental Radiography Systems

Whether your clinic is equipped with film, fully digital or a combination of both, we feel you should have the freedom to choose what you are most comfortable using without sacrificing the quality, service and support that you’ve come to expect from the Midmark brand. That’s why we provide you with multiple imaging options and the training and support you need to get the best use of your equipment. Our imaging software integrates with Avimark® practice management software.

Dental Delivery System and Accessories

Midmark 1000

The Midmark 1000 Mobile Dental Delivery System from Midmark uses our exclusive, oil-free technology. That means there is no oil to contaminate your handpieces, providing a clean, dry, aseptic work environment for you, your staff and your patients. And best of all—no more oil changes! That’s better for your staff and better for the environment.

- Integrated oil-free compressor eliminates potential oil exposure to patients and messy changes—you won’t have to replace your handpieces as often because there is no degradation from oil contamination
- Handpieces automatically activate when removed from holders allowing you to focus on the patient
- High- and low-speed handpieces included
- Fully enclosed delivery system makes cleaning quick and easy while minimizing compressor sound
- Integrated Acteon Satelec® Piezo Scaler saves valuable space and improves efficiency during the procedure
- Standard Midwest 4-hole connection
- Optional proper lighting
- Quickly toggle between the dual 1-liter water bottles with a flick of a switch without de-pressurizing the system
- External quick connects for water and air make setup easy
- Medical-grade casters allow you to position the cart where you need it
- 220 V AC
- 10' (3.048 m) hospital-grade power cord
- 18.5" (46.99 cm) D x 23" (58.42 cm) W x 36.5" (92.71 cm) H

Midmark Dental Handpieces

Midmark High Speed
- New dynamically balanced turbines for concentric spinning and precision
- New chucking system makes bur insertion and removal easy and virtually eliminates chuck down time and replacement costs
- 100% brighter light, 20% more power, 23% more bur retention
- Debris-Shield™ bearing shield system minimizes entry of debris into bearing
- Ceramic bearings for lower maintenance, extended life and quiet operation
- 360-degree swivel for improved ergonomics
- Small head size to get deep into the smallest mouths
- Ergonomic, wide, no-slip grip
- Electro-polished stainless steel handles are long lasting and easy to maintain
- Extremely quiet operation
- Fast cutting power
- Light weight
- Manufactured in the U.S.A.
- 1-year limited warranty (90 days on chuck)

002-10029-00 Midmark High Speed Handpiece without Fiber Optics
002-10023-00 Midmark Swivel High Speed Handpiece and Coupler with Fiber Optics
002-10021-00 Midmark High Speed with Fiber Optics
002-1432-00 Midmark Handpiece Cleaner/Conditioner

Midmark Low Speed
- Ceramic bearings for lower maintenance, extended life and quiet operation (routine lubrication not required)
- Swivel for reduced hand fatigue
- Small and lightweight
- Smooth, quiet operation at 0-5,000 RPM
- Prophy heads slip in and out, quickly and easily
- Accepts all 3/32" burs and doriot heads
- Manufactured in the U.S.A.
- 1-year limited warranty

002-1277-00 Midmark Prophy w/ Swivel Adapter
002-1277-01 Midmark Low Speed Handpiece Motor 0-20,000 RPM (Additional nose cone required: 016-1605-00, 016-1605-01)

002-1158-00

Rodent Dental Bur Kit

002-1664-00 Rodent Dental Bur Kit for use with Midmark low-speed handpiece (002-1277-01) and 1:1 nose cone (016-1605-00).
016-1204-10 Replacement diamond disc, medium grit, #930D
016-1204-11 Replacement diamond Bur, extra long, 60 mm

Crosstex TWIST Prophy Angles

The Crosstex TWIST is a unique disposable prophy angle that moves in a 90° reciprocating, back-and-forth motion instead of a traditional spinning motion. This patented design eliminates the spatter of prophy paste, saliva, blood and other potentially infectious matter. It also eliminates frictional heat while maintaining continuous contact and pressure on the tooth surface.

002-1279-00 Crosstex TWIST prophy angles, 10/pk
002-1279-02 Crosstex TWIST prophy angles, 100/pk
002-1159-00 Autoclavable Prophy Angle
002-1160-01 Prophy Cups, 144/pk
Acteon Satelec® Scaling Tips

Made from the best alloys, exclusive to Satelec®, using patented procedures

- Corrosion resistant
- Autoclavable
- Calibration: each tip is individually tested and “tuned” using the latest in ultrasonic calibration techniques
- Spray Control System (SCS): more powerful cavitation, better spray control and perfectly-controlled vibration energy at the end of the instrument
- Color Coding System (CCS tips): inserts are color coded to show their recommended power range

Seating

Midmark 270 Adjustable Stool
- Black composite five-leg base
- Stool weight: 15 lb (weight capacity: 300 lb)

Royal Saddle Plus Chair
The Royal Saddle Plus Chair is designed in a way that is easy to adopt a better sitting posture while working. The small and round backrest gives precise support in the lower back and ensures maximum freedom of movement. The seat is in saddle shape, which means that you are not forced to adopt a 90° sitting angle, but are given the space to adopt a position where the knees are lower than the hips. This open hip angle makes it easier to stretch the back, so that it takes less effort to maintain a good work posture.

Dental Doctor’s Stool
- Contoured seat with raised front
- Waterfall front edges
- Up to twelve degrees of forward tilt
- One lever adjustment for locking seat and backrest tilt
- Ratcheted backrest for height adjustment without knobs
- Cylinder Height: Tall - 20.9" (53.08 cm) to 28.7" (72.89 cm); Standard - 16.5" (41.91 cm) to 22" (55.88 cm); Short - 15.25" (38.73 cm) to 18.3" (46.48 cm)
- Seat Size: Standard - 17.5" (44.45 cm) x 16.5" (41.91 cm); Small - 16.25" (41.27 cm) x 16" (40.64 cm)

Dental Technician’s Stool
- Contoured seat with raised front
- Waterfall front edges
- Ratchet-release body support with height adjustment (specify Right or Left Arm, Left Arm shown)
- Integrated footrest automatically adjusts with seat height
- Cylinder Height: 21.7" (55.11 cm) to 27.5" (69.85 cm)
- Seat Size: 16.25" (41.27 cm) x 16" (40.64 cm)

Ordering:
- Midmark 270 Adjustable Stool: 270-001-XXX 270 Adjustable Basic Stool, manually adjustable
- Royal Saddle Plus Chair:
  - 102-7400-11 Royal Saddle Plus Chair - Black
  - 102-7400-31 Royal Saddle Plus Chair - Special Color
- Dental Doctor’s Stool: 153811 Dental Doctor’s Stool
  - Specify height, and seat size (Tall, Standard, Short) when ordering

  - Shown with optional lumbar support
Wet Treatment Tables

This table features a standard 36" (91.44 cm) height that easily integrates with Midmark casework giving your treatment area a uniform and aesthetically pleasing look. The wet tub is excellent for all treatment and dental procedures and is available in standard 6” (15.24 cm) or custom-order 3 1/4” (8.255 cm) depths. The removable hair trap and easy-clean drain make maintenance a breeze.

- Wall mount capability
- 18-gauge steel, more durable than wood laminates, withstands the most rigorous clinical work
- Load capacity of 300 lb
- Internal modular design allows you to customize door and drawer configurations to suit your needs
- Casework features all the benefits of Midmark design such as steel hinges, seamless drawers and adjustable ball bearing glides
- Baked-on epoxy finish means no rusting due to water exposure
- The perpendicular orientation allows for access to both long sides
- Optional goose-neck faucet and sprayer attachment for easy post-procedure clean-up
- Available in Midmark casework colors including woodgrain option (additional charge)
- 48” (121.92 cm) or 60” (152.4 cm) L x 25” (63.5 cm) W x 36” (91.44 cm) H
- One end open for plumbing*

Stainless Steel Surgery Tables

50" (127 cm) or 60" (152.4 cm) L x 20" (50.8 cm) W

Midmark Surgery Tables offer the versatility of either V-top or flat top with extension options and hydraulic patient positioning. The low-profile weighted base allows you to get close to the work surface while either standing or sitting. The one-hand fingertip control easily adjusts side panels and table top via pneumatic cylinders to adjust your patient as needed.

V-Top Surgery Tables

- Self-contained hydraulic column
- Convenient 6" (15.24 cm) up and down height adjustment
- Available accessories: table top extension, rail extensions to accommodate larger animals, and casters for easy mobility

V-Top Surgery Table with Adjustable Hydraulic Column

100-4041-00  50" (127 cm) Top
100-4071-00  60" (152.4 cm) Top

Flat-Top Surgery Tables

- 50" (127 cm) or 60" (152.4 cm) L x 20" (50.8 cm) W
- Self-contained hydraulic column requires no maintenance
- Convenient 6" (15.24 cm) up and down height adjustment

Flat Top Surgery Table with Adjustable Hydraulic Column

100-4251-01  50" (127 cm) Top
100-4261-01  60" (152.4 cm) Top
